

This Was A Love That Would Last

V1

G

D

Well every night she would kneel down and pray

C

Each night he'd spend a while bowing his head

G

D

She'd ask the Lord for a friend to count on

C

He'd say, "God, You know, I feel so alone,"

G

D

Well she was just a little country girl

C

In a little country town in her own little world

G

D

A little country boy livin' forty miles away

C

D

Didn't know each other, but then one day

G

This was a love that would last

v2

G D
Days went on, just like they used to be
C
And they met up every Wednesday in the eve
G D
They'd hold hands, smile at each other
C
Before she left they'd give each other letters
G D
He said "You know, we may not end together,"
C
She said "That's true, we're about as sure as the weather,"
G D
But they decided they'd give it a try
C D
If it didn't work out, well they'd done each other right

REPEAT CHORUS | INSTRUMENTAL

v3

G D
Years went by, and they became man and wife
C
They didn't take for granted a moment in their life
G D
Each day was precious, life too short
C
To be near each other was all they could dream of
G D
When the day was through, well they'd sit down together
C
In his lap a little book filled with all their old letters
G D
From those days at the club so long ago
C D
They praise the Good Lord, because they know

REPEAT CHORUS
