

## **Be Strong And Courageous**

I can remember, On my first day goin' to school

How scared I was, at the gate

I told mamma, she hugged me close and then she said

Remember what the good Lord said, to Joshua on the day

Be strong and courageous do not fear nor be afraid

I will be with you, every moment of each day

I will go before you to fight for you today,

So just trust and obey me, I'll be there come what may

I grew up, times were hard, the grind was slow,

I couldn't stand to see the way the world seemed to go

I told my Lord, I couldn't stand another day

And then a voice I heard so sweet, and this is what it said

Everyone, will have their time to go back home

And mamma said, now I have to go

Tears filled my eyes, but she said there now, don't you cry

For I feel the greatest peace within, And I know we'll meet again
