

You Know I Love You Very Much

You Know I love you very much, I'll always adore you
And nothing people will say will touch, The way I think of you
I don't care when the others laugh, and call me a fool for you
They don't know what it is to love, like the way that I love you
Every now and again, My mind drifts off to you
But every now and again, happens every hour or two
Other folks will have their ways, and make all sorts of rules
But we don't need what they say, between me and you
There's just one way to love, and that's to be true to you
You know that In me you can trust, and I can count on you
This ain't just some passin' thing, I'll always remember you
You are my every single dream, and I live to be with you
