

It's been so long, since I have seen you

It's been so long, since we embraced

But I know, How much I've missed you

And deep down I know that we will meet again

I can just hear, your lovely laughter

I can just see, your smilin' face

And I know some day, I'll finally see you

But I just can't wait, to see your face again

One day soon I'm finally gonna see you

One day soon I'll see your face again

And on that day I'll be more glad than ever

Cause the love I've lived my life for, Has finally come to me

It won't be long, till I will see you

No it won't be long, till we meet again

And heaven knows, how much I've missed you

But I know that you have missed me just the same
