

~If You Love Me (Like I Love You)~

 D G
When I first met you, Out on that night
 D A D
I knew I loved you, With all my might
 G D
You were so lovely, And I knew it too
 A D
And when you looked at me, I fell for you

 D G
The months went by, And we got married
 D A D
But the day arrived, I had to leave
 G D
Though not for long dear, You were so sad
 A D
But I said now don't you fear, For I'll soon be back

 D G
And if you love me, Like I love you
 D A D
Nothing but death, dear, Can part us two
 G D Bm
I may not be near, and you I will not see
 D A D
But in my heart, my dear, is forever where you'll be

 D G
A whole year later, I came back home
 D A D
I said "I'm Back, Dear!" And held you close
 G D
We'd been so lonely, But now we were near
 A D
And I smiled at you and said, "I love you, dear"
