

# Keep Your Chevy Trucks

V1

C D G

Jimmy was a small farmer, he had a Chevy truck

D

Some friends wrote him from California, saying he should come up

G C G

So off Jimmy drove, everything was looking bright

D G

And he just couldn't wait, to see those city lights

## CHORUS

C G

He was impressed, by what he saw

D

A lot of big tall buildings, and self drivin' cars

C G

He told himself this was the life

D G

And suddenly his Chevy seemed outdated in his eyes

V2

C G

He didn't want his friends to think that he was boring and old

D

Dropped by a dealer's office and the Chevy Jimmy sold

G C G

But out of that old yard Jimmy drove with a Tesla red and bright

D G

Oh Jimmy, don't you see that being vain has it's price!

## CHORUS

C G  
His friends were impressed by what they saw

D  
A little bearded farmer drivin' a Tesla car

C G  
They said to Jimmy "You're getting' bright!"

D G  
But deep down Jimmy knew that something wasn't right

## INSTRUMENTAL

V3

C D G  
On the way back home he stopped to stretch his legs

D  
He left his phone inside the car, he was glad to take a break

G C G  
But then ol' Jimmy's jacket tumbled down and hit the screen

G D G  
And off that Tesla drove no matter how much Jimmy screamed

## CHORUS

C G  
So never trust these drive-less cars

G D  
They'll drive off while you're sleeping leaving you to catch a bus

C G  
Just be glad with what you have

G D G  
And for heaven's sakes, keep your Chevy trucks!
